Helpful Hints . . .

- In the brochure, our gift merchandise is shown in descending code order, from \$10.50 on page 2 to the \$1.00 items on the back page. Note: 75¢, 50¢ and 25¢ items are not illustrated.
- Prices on the Customer Selection Form are your COST of the products. If you would like to mark up the items to make a profit, please see our handbook for helpful instructions!
- Each cost has been assigned a code number and the products are coded as such. All items in each photo group are the same cost and code.
- Products with a red ♦ symbol in the brochure are the pre-selected best selling items that will be included with your order. These pre-selected items are shown with a black ♦ symbol on this Customer Selection Form/Price List.
- You are not required to have all of the cost groups in your program. In the lower right hand corner of the Customer Selection Form, you may indicate the price range you would like us to send “over \$_____” or “under \$_____” or simply draw an “x” over the cost groups not to send. We will not include any pre-selected items from outside the cost range you indicate. You could even hold a \$1.00 -\$2.00 gift shop if desired.
- We determine quantities of each gift item to send based on your sales history, number of participating students, and the total selling days or hours. Your input and suggestions are always welcome!
- Finalize and make a copy of your Customer Selection Form.
- Return your Customer Selection Form and Program Agreement to us via mail or fax at your earliest convenience. If you are new to KidSmart, we would appreciate any past sales information you have, as well as any additional “coaching” you can provide us with to better determine the product quantities for your shoppe.
